Hi Melody – I can reset your password on my end. Let me know if you still have password trouble after resetting.

Subject: Password problems

Hello,

I was needing to put some data into the old system. When I tried to log in, it said I needed to update my password. So I did that and hit submit, it gave me an incorrect password message. I have tried it repeatedly since then and I am putting in the correct password, but it won't take it. And I have tried the new password that I was trying to use and it won't take that either.

Help:)
